This prohibition does not extend to information required in prosecutions for making false reports or returns of property for taxation, or any other infraction of the tax laws, nor does it extend to any matter properly entered upon any assessment record, or in any way made a matter of public record, nor does it preclude furnishing any taxpayer or his properly authorized agent with information respecting his own return. Further, this prohibition does not preclude the commissioner or any employee of the Department of Revenue from testifying in any court, or from introducing as evidence returns or reports filed with the department, in an action for violation of state or federal tax laws or in any action challenging state or federal tax laws. The commissioner or the commissioner's designee may provide an owner of unmined coal, oil or gas reserves, and other mineral or energy resources assessed under KRS 132.820(1), or owners of surface land under which the unmined minerals lie, factual information about the owner's property derived from third-party returns filed for that owner's property, under the provisions of KRS 132.820(2), that is used to determine the owner's assessment. This information shall be provided to the owner on a confidential basis, and the owner shall be subject to the penalties provided in KRS 131.990(2). The third-party filer shall be given prior notice of any disclosure of information to the owner that was provided by the third-party filer.
- (2) The commissioner shall make available any information for official use only and on a confidential basis to the proper officer, agency, board or commission of this state, any Kentucky county, any Kentucky city, any other state, or the federal government, under reciprocal agreements whereby the department shall receive similar or useful information in return.
- (3) Statistics of tax-paid gasoline gallonage reported monthly to the Department of Revenue under the gasoline excise tax law may be made public by the department.
- (4) Access to and inspection of information received from the Internal Revenue Service is for Department of Revenue use only, and is restricted to tax administration purposes. Notwithstanding the provisions of this section to the contrary, information received from the Internal Revenue Service shall not be made available to any other agency of state government, or any county, city, or other state, and shall not be inspected intentionally and without authorization by any present secretary or

employee of the Finance and Administration Cabinet, commissioner or employee of the Department of Revenue, or any other person.

- (5) Statistics of crude oil as reported to the Department of Revenue under the crude oil excise tax requirements of KRS Chapter 137 and statistics of natural gas production as reported to the Department of Revenue under the natural resources severance tax requirements of KRS Chapter 143A may be made public by the department by release to the Environmental and Public Protection Cabinet, Department for Natural Resources.
- (6) Notwithstanding any provision of law to the contrary, beginning with mine-map submissions for the 1989 tax year, the department may make public or divulge only those portions of mine maps submitted by taxpayers to the department pursuant to KRS Chapter 132 for ad valorem tax purposes that depict the boundaries of mined-out parcel areas. These electronic maps shall not be relied upon to determine actual boundaries of mined-out parcel areas. Property boundaries contained in mine maps required under KRS Chapters 350 and 352 shall not be construed to constitute land surveying or boundary surveys as defined by KRS 322.010 and any administrative regulations promulgated thereto.
- (7) Notwithstanding any other provision of the Kentucky Revised Statutes, the department may divulge to the applicable school districts on a confidential basis any utility gross receipts license tax return information that is necessary to administer the provisions of KRS 160.613 to 160.617.
